Ruby on Rails/MongoDB

4.everalone (4.everalone.com)
Ruby on Rails/Neo4J

EDUCATION

B.A. Computer Science, Central College, Pella -IA 2004-2005

SKILLS

- Well-versed with creating/deploying/maintaining small to medium sized web applications on my own.
- Can effectively work with large codebases and large teams distributed over continents.
- Experienced with beeping pagers at 3am supporting and maintaining large applications after launch.
- Most Recent technology experience with Ruby, Rails, Javascript, MySQL, MongoDB, Neo4J. There are other parts of resume *cough*Java/Spring/Hibernate*cough* that I prefer to avoid now

- Experienced with Introducing Agile processes and practices to teams. Coaching teams on practices such as TDD, Pair Programming.
